WELCOME BACK.

Hey Guys. Just wanted to welcome you back to your desk /workplace and take this opportunity to say I look forward to working with you again in 2022. Chinese Year of the tiger ... I am hearing the Rocky theme song ...how about you?

Last year was certainly an eventful year for us all no doubt. Some of us had to think outside of the box, to navigate the obstacles of Covid, learning to trade and evolve under new restrictions. Change can be a forging force, so our mission is to take those skills and with you create something better and move forward.

Let's Talk Soon.

Michelle

WHAT'S NEW.

2021 saw some major changes at Artemis Creative, the first you will notice is we are now trading as IQ Studios.

Its given us a chance to have a bit of a refresh of our brand moving with the times and trends. We aimed for a clean fresh look whilst remaining friendly, as we are an agency with heart.

The second change is we are now based in Whanganui and while covid is active have become an online only studio. Still if you fancy a catch up and you're in the area we would love to catch up for a coffee and have a chat.

// WANGANUI TOWN CENTRE

// WANGANUI RIVER

WE'RE BREAKING UP.

With every un-coupling comes drama and up-heel, not so here. Basically all we are doing is splitting the online portfolios and emails so we can direct you to the service your after more effectively. There are some admin changes but these will be invisible and its business as usual from your end.

It's that simple. For us that's what IQ stands for, because we are both Iconic and Quirky, you choose which skill set can help you best. Perhaps its not very humble to also suggest we bring you clever solutions to all your creative needs.
